Pattern-making & sewing · Production methods · Quality control · GPAO · Lectra · Gerber · CLO 3D (self-taught)

Digital, web & ERP

HTML · CSS · JavaScript · React · Node.js · Supabase · Vercel · Python · WordPress · WinDev · Odoo · Dolibarr · Salesforce · Monday.com

Profile

A multidisciplinary professional with an engineering background and experience spanning textile engineering, consulting, project management, business development and digital technology. My strength lies in connecting the technical, commercial, human and strategic aspects of a project — understanding the need, analysing the situation, structuring a solution, coordinating resources and helping deliver it.

TEXTILE ENGINEERING · BUSINESS CONSULTING · DIGITAL TRANSFORMATION · INNOVATION & R&D

Key strengths

01 **Engineering background**
Textile engineering degree (ENIM) and a master's in mathematical engineering (Tunisia Polytechnic School).

02 **Shop-floor experience**
Quality control and operations management, then head of a textile department (2015–2018).

03 **Business development**
Prospecting, partnerships and new ventures, including a medical-tourism company (2019).

04 **Digital**
Multilingual websites and SEO, web platforms, ERP customisation (Odoo, Dolibarr) and AI tools.

Ambitions

International consulting
Work with multicultural teams on projects that call for both technical and commercial insight.

New markets
Help companies reach new markets and grow their partnerships and client base.

AI & automation
Build practical solutions that automate tasks and create digital services.

Entrepreneurship
Build projects from the ground up: market, brand, digital tools, operations and clients.

Innovation & R&D
Apply textile expertise and mathematics to products and processes.

Strategic management
Move towards leading projects, programmes and international operations.
